

Second International Symposium on Marine Design and Construction 2019 (SMDC 2019)

A joint initiative of the IIT Madras, Andhra University, IMU Visakhapatnam Campus, IIT Kharagpur and CUSAT for strengthening the vision of Design in India, Construct in India and MAKE IN INDIA

Jointly Organized by Andhra University, Department of Marine Engineering and IMU Visakhapatnam Campus, School of Naval Architecture and Ocean Engineering

2nd – 6th December, 2019

Important Dates:

Second Announcement-15.07.2019
Abstract Submission-15.07.2019
Invitation to authors about acceptance – 31.08.2019
Registration-5th Sept-1st Nov.2019
Full Paper Submission-1.11.2019
Short term course 2nd -4th Dec 2019
Conference 5th – 6^h Dec.2019

Short term course fee structure:

- Participant (industry) - 30000 Rs.
- Participant (academics) - 25000 Rs.
(Short term course registered candidate will have a free participation to the conference)

Conference fee structure:

- Author (industry) - 5000 Rs.
- Author (academic institutions) - 4000 Rs.
- Author (student) - 2000 Rs.
- Non-author participant - 6000 Rs.

Conference Theme:

The last few years have seen tremendous economic upheavals which have brought to focus issues of long term survival in the face of intense business competitions. This has been coupled with societal demands of green technology applications, reduction of environmental pollution and requirement of higher standards of performance. This has led to rapidly changing technology and new investment patterns. The marine industry has been affected to a large extent due to these changes and demands. This conference intends to bring these issues to the front indicating changes in design and production of marine vehicles, structures, associated systems & services. The Theme of this year's conference is

“Design, Construction & Operation of Marine Vehicles, Platforms, Systems and Technologies for Sustainable Development”.
